## SOCIAL NETWORKS

- @LoulouLinck
- Laure Lincker

## TECHNICAL SKILLS

### Frontend Development

- **Languages**: HTML5, CSS3, JavaScript ES6, TypeScript, XML
- **Libraries & Frameworks**: Bootstrap, React, Redux, Angular, jQuery, SASS/SCSS
- **UX/UI**: Responsive Design, Figma, user stories & user flows

### Back-End Development

- **Frameworks & Runtime**: Node.js, Express
- **API Development & Testing**: RESTful APIs, JSON, Postman, AJAX
- **Authentication & Security**: JWT Authentication, Authorization, bcrypt, Password Middleware, Express Validator, CORS
- **Databases**: MongoDB, Firebase, PostgreSQL
- **Hosting & Web Services**: AWS, Google Firestore, Render, Netlify

### Mobile Development

- React Native, Expo, Progressive Web Apps (PWA), Android Studio, mobile-1st design principles

### Testing & Quality Assurance

- **Test-Driven Development (TDD)**: Jest (unit testing), Cucumber (integration testing), Puppeteer (end-to-end testing)
- **Behavior-Driven Development (BDD)**: Gherkin
- Accessibility Testing (tota11y, WCAG), cross-browser testing

### Tools & Optimization

- Chrome DevTools, Lighthouse, AJAX, JSON, Code Linting

### Version Control & Collaboration:
Git

**Software:** QGIS

## LANGUAGES

- **French**: native
- **English**: fluent, TEFL
- **German**: C1
- **Vietnamese**: beginner

# Laure Lincker

## Fullstack Web Developer

Web Developer with a background in Cultural Studies and experience working with international teams and diverse stakeholders. Builds, tests and deploys responsive apps using HTML, CSS, JavaScript and React. Combines technical knowledge with a people-centred approach to create socially meaningful solutions.

## WEB DEVELOPMENT EXPERIENCE

06/2023 - 12/2023 CareerFoundry Berlin, Germany

**CINEFLIX | 6-8/2023 STUDY PROJECT**            **API | Github**

- Designed a **full-stack movie catalog app**, developing a REST API with Node.js, Express, and its database in NoSQL with MongoDB (previously in SQL with PostgreSQL).
- Ensured **smooth client-server communication** by testing endpoints with Postman and **documenting** them with JSDoc.
- Built a responsive React **frontend** hosted on Netlify, **optimising performance** with lazy loading and ensuring **intuitive user interactions**.

**CITYVENT | 8-9/2023 STUDY PROJECT**            **Github**

- Built a **Progressive Web App** (PWA) using React and Rechart to visualise **event data**, integrating the Google Calendar API for **seamless filtering** and **offline functionality**.
- Developed serverless authentication and authorisation using AWS Lambda and OAuth, ensuring **secure user access**.
- Applied a **test-driven approach** with Jest for unit testing, Gherkin for **integration tests** based on **user stories** and Puppeteer for **end-to-end testing**, achieving **100% test coverage**.

**CHATTY | 9-10/2023 STUDY PROJECT**            **Github**

- Developed a **mobile chat app** using React Native and Expo, integrating Firebase for **real-time database storage** and **authentication.**
- Implemented **interactive features**, such as media sharing (camera, gallery) and geolocation, **enhancing user engagement**.
- **Optimised** app **performance** by implementing **caching mechanisms** via React Native's AsyncStorage API, allowing **offline accessibility**.
- Ensured thorough **testing and debugging** to guarantee **accurate data handling** using Android Studio and Expo Go.

## WORK EXPERIENCE

**CULTURAL MEDIATOR**

03/2021 - 03/2023 Humboldt Forum Berlin, Germany

- **Collected feedback** from up to 400 visitors daily through discussions, continuous reports and collaboration with international team of 50 colleagues.
- Participated in product discussions **optimising** text **readability**, **inclusiveness**, venues' **accessibility** with curation team and **decreased** technical **failures** of interactive stations with technical team by 75%.

## EDUCATION

**Master in Cultural Heritage Studies**

09/2018 - 11/2019 University College London UK

**Analysed qualitative data, led interviews, researched** seniors participation in grassroot cultural heritage management—Tsumago Heritage Site, Japan.

**Full-Stack Web Development**

06/2023 - 05/2024 CareerFoundry Berlin, Germany

**Complete Web Development Bootcamp**

12/2019 - 12/2020 Udemy online
